

Cricklade, Purton and Royal Wootton Bassett Community Policing Team Update

Hello and welcome to this Community Policing Team report.

The purpose of these reports is to provide a short summary of the local issues in your area. Engaging with the public is vital for us as. Not only does it give us an opportunity to share what we are doing and keep our communities informed and up to date but it also provides an opportunity for our communities to feed back to us; what we're doing well, where we can make improvements and how we can work together to tackle local issues.

We hope you find these updates useful, for the latest news, crime prevention advice and appeals please follow us on:

Local Priorities

Since the Community Policing Team Model rolled out, we have been setting the local area priorities in a more fluid way. The priorities, in the most simplistic form, are what officers are expected to be doing, and where they should be patrolling, when they are not responding to ongoing crimes or incidents, or not carrying out enquiries relating to those crimes and incidents.

The priorities are set every two weeks and may be long term or short term. They are decided upon by Police Sergeant and Inspector using various information including:

- the views and concerns of the public expressed at area board and other public meetings.
- reviewing crime reports to enable the identification of crime series or identification of prolific offenders.
- reviewing logs of calls created by the control room that often highlight problems with antisocial behaviour, speeding, dangerous driving etc. that impact the community in a detrimental way.
- evaluating information received from the Police Community Support Officers and the Community Coordinator, who assist with identifying local issues and working on medium to long term issues for the community.
- the input of the team sergeants who supervise the PCs in the sector and allocate and manage crimes and incidents as they are reported.
- various other departments can also add to this picture such as intelligence units and crime analysts.

The force control strategy is also used to evaluate the priorities considering threat, harm and risk.

The priorities for the whole of this Community Policing Team i.e. Royal Wootton Bassett and Cricklade have between July and September included :

- ◇ Proactive work and community engagement over ongoing ASB incidents in the Royal Wootton Bassett Area.
- ◇ Engagement with Licensed premises including regular checks to help reduce the chances of alcohol related issues.

The link below is for Community Messaging. The Community Coordinator for this area sends out a daily message, if there has been any crime that will benefit the community to be aware of. This includes thefts, scams and burglaries, the aim is to inform you of what is happening in your area, help you take any actions to avoid becoming a victim of crime and to alert you as a potential witness to any crime. Its easy to sign up and only messages, relevant to your area, are sent to your email inbox.
